

Wine Program

At *Early Mountain Vineyards*, our wine program celebrates the wines from our land here in Madison County, as well a small group of winemakers and wineries throughout the Commonwealth of Virginia: *Barboursville, Linden, King Family, Chatham, Breaux, and Thibaut-Janisson.*

We aim to give you a tasting of different terroirs and winemaking styles so that you can explore some of the best of what Virginia has to offer. These are wines that we love and we invite you to share them with us.

Take “Flight!”

A **tasting flight** is the term used to describe a selection of wines (in this case, four) presented for sampling and, sometimes, comparison. Each of our flights showcase different grape varieties and styles. They are designed so that you can decide what your palate prefers!

\$12 per flight
